Bio: Janice Beerwinkle

I am seeking the position of trustee of the Douglas County Historical Society. Serving in this position, I can draw from my previous experiences as an educator and community volunteer to enhance program offerings to the community and use my grant writing skills to help fund current and new projects. My employment history includes eight years as an architectural draftsman and 25 years as an educator. After 14 years teaching high school subjects in the San Bernardino City adult education program, I completed my tenure as an administrator. My duties included curriculum and professional development, grant writer and fiscal oversight, student data collection and analysis, and supervision of certificated and classified personnel. During those years my primary involvement in professional associations was with the California Council for Adult Education. I served in the office of president for the local and regional chapters and was the state conference chair one year. In addition, I held the office of Awards Chair and Legislative Chair at the regional and state levels. My community involvement began after retirement. I joined the Arrowhead United Way, Women's Leadership Council and helped develop programs for young women, ages 16 to 24. The goal was to improve the lives of those who needed help the most. Programs included workshops, mentoring, and college field trips. As a committee member, I participated in the development and implementation of these programs and later held the positions of Council treasurer and chairman. I also served as a trustee of the San Bernardino City Library Foundation. I have lived in Carson Valley with my husband since 2016. We value the history and culture of the area that has made it a unique place to live. My volunteer activities with the Historical Society include desk duties at the Courthouse Museum in Genoa and helping to write two successful grants for the Carson Valley Museum & Cultural Center.

Bio: Tom McManus

My name is Tom McManus. I was born in Southern California in 1945. When I was 2 years old my family moved from California to Smith Valley, Nevada. My father was a welding fabricator and was not able to make a go of it in Nevada, and in 1950 we moved back to Southern California. I graduated high school in 1964 and was attending Long Beach State College when I was drafted. I served in Viet Nam as an infantry platoon leader. I was discharged in the fall of 1970. Soon after I met my wife of 47 years, Ursula. We have a daughter, Sarah and a son, Brooks. My parents were able to move back to Yerington, Nevada, after my father retired. In the spring of 1978, we were able to fulfill a dream of moving out of California to Nevada to be closer to my parents and allow a better lifestyle for our family. I worked as a land surveyor for Fuller Engineering in Carson City, then with Vasey Engineering in Minden. While at Vasey Engineering, I became registered Professional Land Surveyor in both Nevada and California. I finished my career with R.O. Anderson Engineering also in Minden. I retired in 2008. I have coached little league baseball and AYSO soccer. I am currently President of the Mottsville Cemetery Association and Commander of Carson Valley VFW Post 8583 and a full-time shepherd!

DCHS Volunteers

I'm pleased to introduce you to Jim and Anita Marshall. Jim and Anita moved to the Carson Valley in 2015 from Shingle Springs, CA where they had a small farm raising Alpacas. As many newly retired residents do, both Jim and Anita were looking to volunteer their time with a worthwhile organization.

Anita is a welcoming face at our front reception desk, our bookstore as well as helping with many programs we provide our guests. Jim's area of expertise is in the day-to-day maintenance and upkeep of our many behind the scenes needs, such as keeping the lights and machines running properly. Jim is constantly being amazed by the discoveries one makes in maintaining a hundred-year-old building!

Please call the museum office at 775-782-2555 to leave your name and phone number if you have a few hours a month to give to our museums. You'll be glad you did.

Thanks so Much!

Funding Campaign Sarah Winnemucca Exhibit Courthouse Museum, Genoa

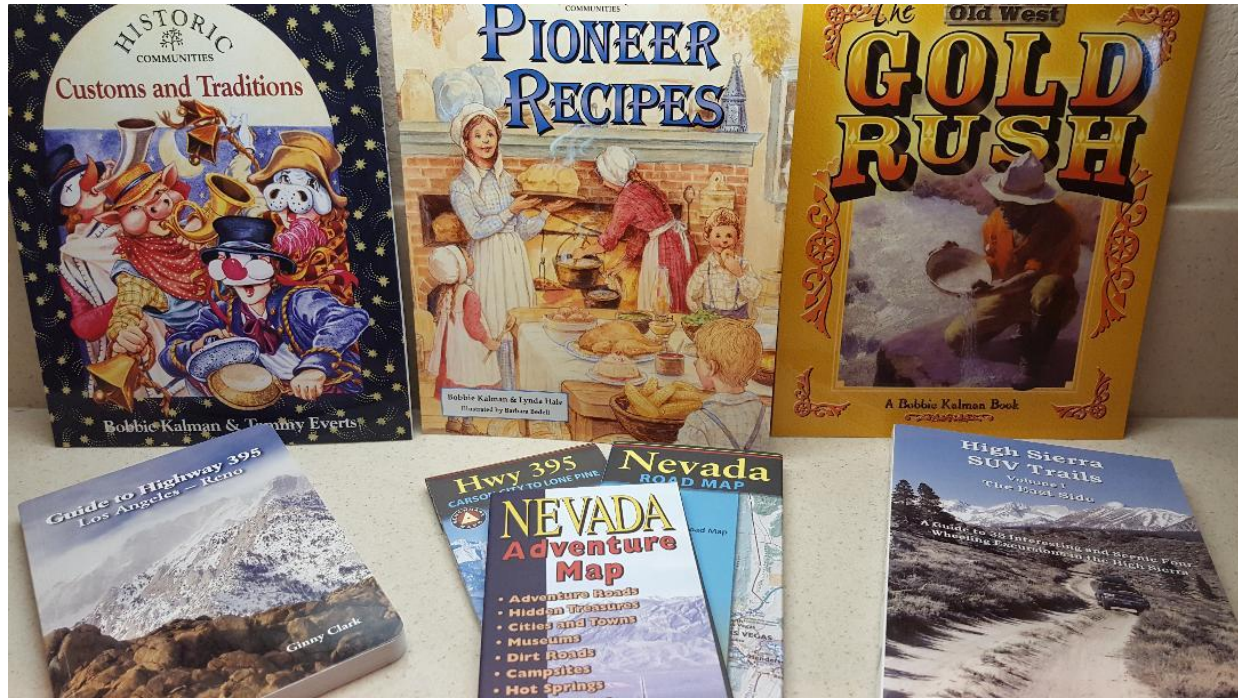

Though Sarah Winnemucca was from the Paiute Tribe, she had strong ties to Genoa and spent part of her life in our community. We are pleased that the Historical Society will be able to present her story and contributions to our valley. The exhibit will be part of our permanent collection and will be housed upstairs in the Courthouse Museum. If you wish to donate to help underwrite the cost of the exhibit, please contact our main office. A formal exhibit opening is set for in May 18.

TREASURES FROM THE VAULT

Just when we think we have heard about every business, family, or place in Douglas County and vicinities, someone brings in an item, which surprises members of the Collections Committee. The surprise item is a simple postcard set-up of an image of a few buildings, a gas pump, with a lake in the background. There are tracks in the snow in front of the buildings in the photograph. The title of the image is, "**Palmer's Topaz Lake Resort**".

Based upon the automobiles and the gas pumps in the image, this is probably from the 1930s. It tells us that it was between Bishop and Reno on Highway 395 and close to Lake Topaz. A quick search of the database does not turn up any additional information about this business.

At the Collections Committee meeting, only one of our native Douglas County members recognized the name of this business and had an approximate idea of where it had been situated. This member believed it had been located about 1.5 miles south of the Agriculture Station at the Nevada-California border on the east side of Highway 395.

Not so long ago, this was a business that many in Douglas County knew existed, but that few remember today. Our archives serve as an important source of local 'memory' of people, places, and things, which are now past. For this reason, we are always interested in local memorabilia.

With your archival donations, we continue our commitment to our organizational Mission Statement, which reads, "*The Douglas County Historical Society seeks to enrich lives by preserving local history and making it accessible to our communities and visitors.*" If you have an artifact or an item of interest with a provenance or connection to Douglas County or Nevada, please call and schedule an appointment to consult with our curator, 775-782-2555.

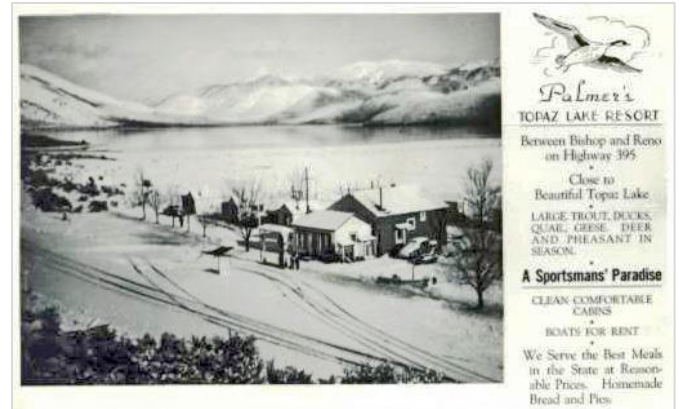

Exhibit at Lake Tahoe

Women in History, Part II

In March, the Exhibit Team placed an exhibit at the Douglas County Library, Minden to celebrate Women's History month. The Team highlighted four women; all prior honorees of the Douglas County Historical Society's 'Women in History Remembering Project'. Susie Dick, Anna Harris Behrman, Anna Neddenriep Dressler, and Lois Brooks Hailey are the featured women. It was well received by the Minden library patrons and the Zephyr Branch asked for a condensed version of the exhibit to be installed in their cases.

On April 4th, Exhibit Team members transported and installed the 'Women in History' exhibit to the Zephyr Branch library. If you missed the exhibit in Minden, you have another opportunity to learn about these four interesting and diverse women of Douglas County. The exhibit will be in place until June 6th. Take a drive to Lake Tahoe and see what our Exhibit Team has prepared.

Do you have a collection to share? We have a community exhibit case in our lobby for you to showcase your collection of items related to the history of Douglas County or the culture of the early life in America. Contact our Front Office at 775-782-2555.
